Amendment To Symantec End User License Agreement

This document, including any attachments, referenced terms, and the information provided on the face of this document (collectively, this "Certificate") is a legal agreement between the end user named on the face of this Certificate (the "Licensee"), and Symantec Corporation and/or its subsidiaries ("Symantec"). This Certificate amends the Symantec end user license agreement (also known as the "EULA") contained in the original physical media pack(s) of and/or included in the Symantec software product(s) listed on the face of this Certificate (the "Software"). Accordingly, this Certificate and the rights granted herein are only effective as to end-users who have received electronic access to or physical media of the Software listed on the face of this Certificate, and who have agreed to the terms of the EULA contained in such Software and/or its media pack. Please read this Certificate. By loading the software, or by using or making copies of the Software, Licensee indicates its consent to the terms and conditions set forth below.

IF LICENSEE DOES NOT AGREE TO THESE TERMS, THEN SYMANTEC IS UNWILLING TO LICENSE THE SOFTWARE TO LICENSEE. EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS CERTIFICATE, ALL PROVISIONS OF THE EULA WILL BE APPLICABLE FOR ALL RIGHTS GRANTED UNDER THIS CERTIFICATE. ANY RIGHT TO RETURN THE SOFTWARE AND ANY RIGHT TO USE THE SOFTWARE ON HOME COMPUTERS THAT MAY BE CONTAINED IN THE EULA SHALL NOT APPLY TO THE RIGHTS GRANTED UNDER THIS CERTIFICATE.

- 1. GRANT OF LICENSE.** Symantec grants to Licensee a nonexclusive, nontransferable license to make copies of and use the quantity of each title of the Software and the related user documentation as are set forth opposite the name of such title on the face of this Certificate, under the terms and conditions of the EULA, solely for Licensee's own internal business purposes on Licensee equipment on Licensee premises, or for purposes of participating in Licensee's curriculum, within the country in which the Licensee is located as indicated by the Licensee's address set forth on the face of this Certificate.
In order to be authorized under this Certificate to make copies of and use the Software, Licensee must be a government-approved public or private school, vocational school, correspondence school, junior college, university, scientific institution, or technical institution, that maintains a full-time curriculum, including the district, regional and state administrative offices, or an applicable government-approved charitable institution, all as defined by Symantec in its sole discretion. If Licensee purchases a Software license designated for Home Use, where available, then the above license grant is modified to add the following: Licensee's employee, consultant, or individual faculty or staff may use one copy of such Home Use Software only on their personal home computer, provided such equipment is not owned or provided by Licensee, and provided Licensee has also purchased a license for such product for such individual's computer at Licensee's administrative offices. Further, such Home Use is permitted only for so long as such individual remains Licensee's employee, consultant, or individual faculty or staff. Consultants are only permitted to use Licensee's Home Use licenses for the benefit of Licensee. The number of Home Use copies made and used cannot exceed the number of Home Use licenses purchased. Please see the additional terms and benefits set forth in the then-current Symantec Program Guide for the Symantec Academic Buying Program, as defined by Symantec in Symantec's sole discretion. Such Program Guide is available on the Symantec Buying Program area of www.symantec.com and is incorporated by this reference.
- 2. SOFTWARE COPIES.** Licensee may make copies of the Software authorized under Section 1 of this Certificate, in object code form only, from the copy of the Software and user documentation contained in the original media for the Software obtained from Licensee's authorized reseller. An auditor, selected by Symantec and reasonably acceptable to Licensee, may, upon reasonable notice and during normal business hours, but not more often than once each year, inspect Licensee's records and deployment in order to confirm Licensee's use of the Software complies with this Certificate. Symantec shall bear the costs of any such audit, except where the audit demonstrates that the MSRP value of Licensee's non-compliant usage exceeds five percent (5%) of the MSRP value of Licensee's compliant deployments. In such case, in addition to purchasing appropriate licenses for any overdeployed Software licenses, Licensee shall reimburse Symantec for the auditor's reasonable actual fees for such audit.
- 3. UPGRADES AND CROSS-GRADES.** For certain Software, Symantec reserves the right to require that any upgrades (if any) of the Software may only be obtained in a quantity equal to the number indicated on the face of this Certificate. An upgrade to an existing license shall not be deemed to increase the number of licenses which Licensee is authorized to use. Additionally, if Licensee upgrades a Software license, or purchases any of the Software licenses listed on the face of this Certificate to cross-grade an existing license (i.e. to increase its functionality, and/or transfer it to a new operating system, hardware tier or licensing meter) then Symantec issues this Certificate based on the understanding that Licensee agrees to cease using the original license. Any such license upgrade or cross-grade is provided under Symantec's policies in effect at the time of order. This Certificate does not separately license Licensee for additional licenses beyond those which Licensee has purchased, and which have been authorized by Symantec.
- 4. CONTENT UPDATES.** Certain Software uses content that is updated from time to time, including but not limited to: updated anti-spyware definitions for anti-spyware products; updated antispyware definitions for antispyware products; updated virus definitions for antivirus and crimeware products; updated URL lists for content filtering and antiphishing products; updated firewall rules for some firewall products; updated intrusion-detection data for intrusion detection products; updated lists of authenticated web pages for website authentication products; updated policy compliance rules for policy compliance products; and updated vulnerability signatures for vulnerability assessment products. These updates are collectively referred to as "Content Updates". If Licensee subscribes to a Symantec maintenance/support offering consisting of or including Content Updates, as separately described in the Symantec certificate for such subscription (the "Support Certificate"), Licensee is granted the right to use, as part of the Software, the Content Updates included in such subscription to the extent they become generally available to Symantec's end user customers as part of such subscription, for any period for which Licensee has purchased the appropriate maintenance/support, as indicated on the face of such Support Certificate. This Certificate does not otherwise permit Licensee to obtain and use Content Updates.
- 5. MAINTENANCE/SUPPORT.** If Licensee subscribes to a Symantec maintenance/support offering, such subscription will be as described in the Support Certificate, delivered in accordance with Symantec's then-current standard policies and terms. Symantec reserves the right to require the purchase of minimum Symantec-designated levels of maintenance/support with the purchase certain Symantec product offerings.
- 6. ENTIRE AGREEMENT.** This Certificate and the EULA constitute the entire agreement between the parties pertaining to the subject matter hereof, and supersede any and all written or oral agreements with respect to such subject matter.

SUPPORT

Symantec Enterprise Technical Support

This document (the "Certificate") is a legal agreement between the end user (the "Licensee") named on the face of this certificate and Symantec Corporation and/or its subsidiaries ("Symantec"). This Certificate and the rights granted herein are only effective as to end users who have a valid license pursuant to a Symantec license agreement (the "License Agreement") for the underlying Symantec software product(s) (the "Software") for which this support will be provided. Please read this Certificate.

IF LICENSEE DOES NOT AGREE TO THESE TERMS, THEN SYMANTEC IS UNABLE TO PROVIDE SUPPORT FOR THE SOFTWARE TO LICENSEE. RECEIPT OF SUPPORT INDICATES LICENSEE'S AGREEMENT TO THESE TERMS.

Support Offerings: Commencing on the issue date set forth on the face of this Certificate, Symantec will provide to Licensee the support service(s) listed on the face of this Certificate, within the Symantec region in which the Software is licensed for use as indicated in the License Agreement. Support services are provided under the terms and conditions listed below, until the end date set forth on the face of the Certificate.

1) Access to technical support provided by telephone on a 24x7 basis; 2) Continuous Efforts Problem Resolution Engineering (available upon request for Severity 1 Cases only); 3) Access to the Symantec technical support website; 4) Delivery of bug fixes and patches; 5) Essential Support includes Content Updates, if applicable, and Upgrade Assurance; 6) Licensee may designate up to six (6) individuals per title of Software for Essential Support to act as liaisons with Symantec Technical Services staff ("Designated Contacts").

2. Basic Maintenance.

1) Access to technical support provided by telephone from 8 a.m. to 6 p.m. during the normal business week of, and in accordance with statutory holidays of, the country where the Software is installed; 2) Access to the Symantec technical support website; 3) Delivery of bug fixes and patches; 4) Basic Maintenance includes Content Updates, if applicable, and Upgrade Assurance; 5) Licensee may designate up to two (2) individuals per title of Software for Basic Maintenance to act as Designated Contacts as defined above.

Definitions:

- **Content Updates:** Content Updates as used in this Certificate refer to content used by Software that is updated from time to time, including but not limited to: updated anti-spyware definitions for anti-spyware software; updated antispam rules for antispam software; updated virus definitions for antivirus and crimeware products; updated URL lists for content filtering and antiphishing products; updated firewall rules for firewall products; updated vulnerability signatures for vulnerability assessment products; updated policy compliance updates for policy compliance software; updated lists of authenticated web pages for web site authentication software; and updated intrusion detection data for intrusion detection products, (if applicable). Content Updates means the right to use Content Updates to the Software as they become generally available to Symantec's end user customers except for those Content Updates that are only available through purchase of a Content Updates Subscription. Symantec reserves the right to designate specified Content Updates as requiring purchase of a Content Updates Subscription at any time and without notice to Licensee; provided, however, that if Licensee purchases support hereunder that includes particular Content Updates on the issue date set forth on the face of this Certificate, Licensee will not have to pay an additional fee to continue receiving such Content Updates through the end date set forth on the face of this Certificate, even if Symantec designates such Content Updates as requiring a Content Updates Subscription.

- **Content Updates Subscription:** The right to use those Content Updates that Symantec elects to make available by separate paid subscription. If Licensee has purchased Content Updates Subscription(s), the number set forth on the face of this Certificate opposite the description of such subscription reflects the quantity of such subscription purchased by Licensee.

- **Upgrade Assurance:** The right to use upgrades to the Software as they become generally available to Symantec's end user customers. An upgrade is any version of the Software which has been released to the public and which replaces the prior version of the Software on Symantec's price list. All such upgraded Software is licensed to Licensee for use subject to all terms and conditions, including without limitation disclaimers of warranties and limitation of liabilities, of the License Agreement. Nothing in this Certificate shall be construed as separately licensing copies of the Software or increasing the number of copies of Software licensed to Licensee.

Terms and Conditions:

- **Support Policies:** The support service(s) will be provided in accordance with Symantec's Enterprise Technical Support Policy and other support policies which may be revised and updated by Symantec from time to time without notice to Licensee. Please refer to www.symantec.com/enterprise/support/support_policies.jsp for copies of such policies. Under Symantec's Enterprise Technical Support Policy, support services may be discontinued for certain Software or a particular version of Software prior to the end date set forth on the face of this Certificate.

- **Geographic Availability:** Not all of the support services listed above are available in all countries or locations or for all Symantec software products.

- **Scope of Support:** Licensee's technical assistance may be limited to error correction resolution in certain Software if Licensee has not installed and implemented all licenses for such Software in accordance with the directions for installation provided by Symantec. Please refer to <http://www.symantec.com/enterprise/products/index.jsp> for additional information on services offered by Symantec to assist you in proper installation and implementation of Software. Technical support will not include activities that would be typically made generally available and characterized by Symantec as product training, consulting involving integration, security solutions enablement, security advisory, pre-production configuration services, managed security or implementation services or the like, which are offered separately as noted below.

- **Additional Designated Contacts:** Licensee may add additional Designated Contact(s) for either Essential Support or Basic Maintenance by paying the applicable fee in effect at the time Licensee seeks to add the additional Designated Contact(s). If Licensee has purchased the right to designate additional Designated Contacts, the number set forth on the face of this Certificate reflects the number of additional designated Licensee Designated Contacts who may receive technical support on Licensee's behalf with the same rights and for the same term as the primary contacts for either Essential Support or Basic Maintenance.

- **Acknowledgement of Use of Personal Data:** Licensee recognizes that Symantec will require Licensee to supply certain personal data (such as business contact names; business telephone numbers, business e-mail addresses), in order for Symantec to provide Support and to keep Licensee apprised of support and product updates. Licensee acknowledges that Symantec is a global organization, and such personal data may be accessible on a global basis to enable Symantec to provide Licensee Support. By providing such personal data, Licensee consents to Symantec using, transferring and processing this personal data on a global basis for the purposes described above.

- **Support Services Warranty:** Symantec warrants, for a period of thirty (30) days from the date of performance of support services under this Certificate, that such support services will be performed in a manner consistent with generally accepted industry standards. For support services not performed as warranted in this provision, and provided Licensee has reported such non-conformance to Symantec within thirty (30) days of performance of such non-conforming support services, Symantec will, at its discretion, either correct any nonconforming support services or refund the relevant fees paid for the nonconforming support services. **THIS IS LICENSEE'S EXCLUSIVE REMEDY AND SYMANTEC'S SOLE LIABILITY ARISING IN CONNECTION WITH THE SUPPORT SERVICES WARRANTY DESCRIBED IN THIS SECTION.**

DISCLAIMER OF DAMAGES: TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT WILL SYMANTEC BE LIABLE TO YOU FOR (i) ANY COSTS OF PROCUREMENT OF SUBSTITUTE OR REPLACEMENT GOODS AND SERVICES, LOSS OF PROFITS, LOSS OF USE, LOSS OF OR CORRUPTION TO DATA, BUSINESS INTERRUPTION, LOSS OF PRODUCTION, LOSS OF REVENUES, LOSS OF CONTRACTS, LOSS OF GOODWILL, OR ANTICIPATED SAVINGS OR WASTED MANAGEMENT AND STAFF TIME; OR (ii) ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL OR INDIRECT DAMAGES WHETHER ARISING DIRECTLY OR INDIRECTLY OUT OF THE PROVISION OF SUPPORT SERVICE(S), EVEN IF THE PARTY, ITS RESELLERS, SUPPLIERS OR ITS AGENTS HAS BEEN TOLD SUCH DAMAGES MIGHT OCCUR. IN NO CASE SHALL SYMANTEC'S LIABILITY EXCEED THE PURCHASE PRICE FOR THE SUPPORT SERVICE(S). NOTHING IN THIS CERTIFICATE SHALL EXCLUDE OR LIMIT SYMANTEC'S LIABILITY FOR ANY LIABILITY WHICH CANNOT BE EXCLUDED OR LIMITED BY LAW.

INTEGRATION: This Certificate, as supplemented by any relevant terms in the License Agreement not otherwise defined herein, constitutes the entire agreement between this parties pertaining to the subject matter hereof, and, except as otherwise agreed upon in writing by the parties, supersedes any and all prior written or oral agreement with respect to such subject matter.

04/01/2009

The Support Welcome Pack acknowledges you as a current Designated Support Contact at Symantec and also provides information that will help you leverage the benefits and value of your company's support contract. We recommend that you print a copy of this information for your records, as it will help streamline your support experience in the future.

Your Support Contact ID, which is provided on page two, is a unique identifier that enables us to track your support history and manage your contact information. When contacting Symantec for technical support, please have your Support Contact ID available, as it will enable us to process your support request in an expedited manner. For step-by-step instructions about contacting Symantec for Support, please review our convenient Quick Reference Guide.

We also have outlined a list of Important Reference Information links within the final page of this package. The information provided via these links will help you to utilize support resources we make available to you, in the event you need technical support for your Symantec products.

If you would like to receive a more comprehensive orientation to Symantec Enterprise Support, we invite you to attend one of our upcoming webinar sessions titled, Partnering with Symantec Enterprise Support. These interactive sessions are held periodically to brief customers on available support resources, as well as to share best practices associated relating to utilizing Symantec Support. You can register for one of these sessions at: <http://go.symantec.com/support-webcasts>

Thank you again for choosing to do business with Symantec. In the event that you need any assistance, please contact us.

Pour les clients francophones :
