For all travel to the USA for non-US passport holders the following regulations apply:

If your passport has been issued by a country not in the Visa Waiver Program you will require a valid US Visa.

If your passport has been issued by a country in the Visa Waiver Program you will be eligible for entry into the USA without a visa if the following conditions are strictly adhered to:

1. If your Passport was issued, renewed or extended on or after October 26, 2006 it must be an e-Passport which has an integrated computer chip capable of storing biographic information from the data page, as well as other biometric information, such as the required digital photograph of the holder.
2. If your Passport was issued, renewed or extended between October 26, 2005 and October 25, 2006 it must contain a Digital Photograph and Machine-Readable Zones. A digital photo is one that is printed on the page, not a photo that is glued or laminated into the passport.
3. If your Passport was issued, renewed or extended before October 26, 2005 it must contain Machine-Readable Zones. A machine-readable passport has two lines of text as letters, numbers and chevrons (<<

International travel requires a passport with a validity of 6 months or more.

Domestic travel requires Photographic ID to be carried at all times.
