1. General principles regarding disbursement authorization

- Legal Aid Ontario (LAO) authorizes lawyers acting on legal aid certificates to incur and bill the cost of actual disbursements that are reasonably necessary to support the legal services authorized by the certificate, keeping in mind the costs and expenses that a reasonable client of modest means would likely approve.
- A disbursement not otherwise covered in this handbook **always** requires prior authorization.
- LAO is not responsible for the cost of disbursements incurred where authorization is not obtained in advance.
- Retroactive disbursement authorization may be granted in accordance with section 22 (2) of Schedule 2 in cases where the Corporation determines that authorization would have been granted if sought in advance and the client was financially eligible for legal aid services at the time.
- Some disbursements may not require prior authorization if they are within specified pre-authorized limits, e.g. parenting capacity assessments or pension valuations. Where a disbursement will exceed the pre-authorized limit, ensure that prior authorization is obtained.

IMPORTANT

It is a serious violation of LAO policy to circumvent the requirement of prior authorization to bill unauthorized disbursements as regular disbursements covered by the certificate. This includes intentionally billing under the incorrect disbursement to avoid LAO thresholds.

- The *Legal Aid Services Act, 2020* and Rule 68(6) prohibits a lawyer from seeking reimbursement from a client for fees or disbursements disallowed or recovered by LAO incurred in connection with a matter covered by a legal aid certificate regardless of the services being authorized or billed to LAO.
- LAO is not bound by the provisions of court orders ordering payment of any kind, including payment of disbursements, unless LAO was represented in court and was allowed to make submissions on the issue prior to the order being made.
- Counsel for a legally-aided client is responsible for disbursements incurred without authorization, or for which authorization has been denied. Counsel is responsible for all third-party service providers and the contract is between the lawyer and the service provider.

Billing authorized disbursements

- Disbursements for which prior authorization is required will be available for online billing after authorization is granted. They will not appear on the certificate and will not be available for online billing unless authorization is granted.
- Always ensure that disbursements are entered properly and under the correct disbursement description when submitting an online account. Disbursements for which authorization has been granted will appear as specific authorizations on the certificate.

Certificate effective date

- The effective date of the certificate applies to fees as well as disbursements.
- If disbursements have been incurred prior to the effective date, contact the District Office to see if the effective date can be changed (back-dated).
- If the disbursement incurred requires prior authorization, seek this authorization on a retroactive basis prior to submitting an online account.

Cancelled certificates

- Where a certificate has been cancelled, do not undertake any disbursement expenses and alert any experts or other third-party service providers to cease working on the matter.

Private retainers

- If you or another lawyer have acted for the client on a private retainer basis prior to the effective date of the certificate, disbursements incurred during the course of the private retainer period are not covered under the certificate and will not be paid by LAO.

Billing deadlines

- Billing deadlines for submitting accounts also apply to disbursement accounts. Exceptions are not made for disbursement-only accounts

Counsel's obligations

- Obtain necessary disbursement authorizations in advance. This ensures that accounts rendered for disbursements are accepted and processed promptly.
- Inform service providers in advance of the terms/limits of the authorization, including limits on hourly rates, number of hours, billing deadlines and total cost of the disbursement.
- Select service providers who accept legal aid rates for services provided.
- Bill LAO promptly for disbursements. You may submit an account which bills only disbursements, provided the amount is greater than fifty dollars.
- Rule 58(2) requires roster members to provide payment for disbursements promptly to service providers.

NOTE

LAO does not pay services providers directly.

- Ensure the quality of the work obtained is worth the expense charged.
- Confirm whether prior authorization is required before incurring the cost of a disbursement. For assistance, contact the Lawyer Service Centre or refer to this Handbook.
- Itemize all disbursements in the account and attach invoices whenever possible.
- Do not bill disbursement accounts for less than \$50.00, unless the account is being submitted to comply with billing deadlines or as a final account.
- Do not consent to a court order regarding the payment of a disbursement, e.g. for paternity testing, without prior authorization from LAO.

IMPORTANT

Do **not** include HST for disbursements. The automated system will add the HST when the account is paid.

If you have any questions regarding submitting a disbursement request form or submitting a disbursement account please contact the Lawyer Service Centre at 1-866-979-9934 (toll-free).

2. How to request prior authorization/ authorization in advance

- When requesting an authorization for a disbursement, provide as much detail as possible including description of services, name and credentials of service provider, estimate of cost including a breakdown of the expense (i.e. hourly rate, per page rate, number of words, etc.).
- Explain the reason the disbursement is required and whether it is time-sensitive; include any applicable deadlines.
- Include all relevant facts of the case and an explanation as to how the disbursement will advance the legally-aided client's case.
- Electronic forms will assist you in requesting prior authorization for certain disbursements. These forms are available on the LAO website: [Forms library – Legal Aid Ontario](#).
- Once authorized, the disbursement will be added to your client's certificate and will appear in the Special Disbursements section of the online account page in [Legal Aid Online](#).

3. How to submit a disbursement authorization request

Submit request through the LSP EZDocs ["Send Documents Electronically to Lawyer Services & Payments (LSP)"] link on the solicitor portal or, where appropriate, to Audit, Mid-Level Case Management or Big Case Management. For more information refer to [Electronic document submission](#).

4. Disbursement authorization requests under Big Case Management files

- Disbursement requests for case managed files should be submitted electronically to the Provincial Case Management Office.
- In most cases, in the Provincial Case Management Office, the same practice is followed for authorizing disbursements as Lawyer Services and Payments; however, pursuant to the Gouge Report, LAO is now in a position to allow enhanced rates for experts, where exceptional circumstances exist in Big Case Managed files. A process has been devised for allowing the increased rates, which requires the completion of certain forms.
- The forms can be found on the Legal Aid Ontario web site at [Forms library – Legal Aid Ontario](#)
- Please ensure the form is typed and all sections of the form are completed, as a request will not be considered until all required information is provided.
- Only very unusual cases, where experts with unique experience are required, will be considered for an enhanced rate.
- Although cost is one of the considerations in determining whether an expert will be authorized, counsel's recommendation, the expert's experience, and reputation are the most important factors. Other factors considered in determining the appropriateness of an enhanced rate are:
 - Unusual circumstances of the offence;
 - New forensic science discoveries; and
 - Availability of a local expert.
- If an enhanced rate is allowed for an expert, the acknowledging lawyer is required to complete the "Survey -Enhanced Rate Services" form, located at [Forms library – Legal Aid Ontario](#)
- Each case is considered on its own merits. The allowance of an enhanced rate on one case does not guarantee that an enhanced rate will be allowed on all subsequent files where the expert is retained.

5. Disbursements for Mid-Level Case Management

The same principles apply as with Big Case Management for authorizing disbursements. However, please note that eligibility for mid-level case management is charge-specific. Please confirm that your client's charge is eligible before applying.

6. Appeals of disbursement authorization decisions

- Where a disbursement authorization has been refused, in whole or in part, reconsideration may be sought by written request to Lawyer Services and Payments.
- In addition to the information set out in [section 2](#), reconsideration requests should include further information to justify the expenditure and any information identified as missing from the original request.

7. Regular disbursements

- Many disbursements which are normally incurred while representing certificate clients do not require authorization if billed within the limits set for automatic payment. The online account page in Legal Aid Online has been updated to include the threshold amounts for the automated payment of disbursements. The threshold represents the cumulative amount allowed on the certificate without authorization.
- If the thresholds are exceeded counsel can request that additional coverage by submitting their request in writing either by attachment to the account or through the ["Send Documents Electronically to Lawyer Services & Payments (LSP)"] link in [Legal Aid Online](#). Please refer to [Appendix C](#) for a list of disbursements and their corresponding thresholds.

NOTE

Access Defence telephone calls are billed under regular telephone disbursements

8. Block fee certificates

Regular disbursements

The following three disbursements have been calculated in the block fee payment for all block fee accounts. All other disbursements on a block fee account will be available for selection.

- fax charges;
- photocopies (except out-of-office photocopies);
- process servers - service and filing of documents within Ontario.

All other disbursements for block fee certificates are in accordance with this Handbook.

9. Billing disbursements online

- Submitting an account online for fees and disbursements is quick and easy. Ensure that the work that you did is accurately entered into our automated online billing system to avoid delays in payment of your account.
- You may submit a disbursement-only account through Legal Aid Online.
- Interim disbursements accounts must be a minimum of \$50.00 before they can be submitted online. When submitting a disbursement account, you must select at least one charge (in criminal matters). In civil matters it is not necessary to select a certificate authorization.
- To select a disbursement item(s) to be billed click **Add Disbursements** from the online account. Once 'Add Disbursements' is selected, a list of disbursements will appear. You may select the appropriate disbursement items to bill and once selected click **Add and Return** at the bottom of the disbursements list.

NOTE

The list of Regular disbursements is directly associated to the authorized services of the Certificate. For example, Custody/Access assessment will only appear on Civil – Family Law Certificates.

- You will now be able to fill in the values of the disbursements items. In some cases you will be required to insert the quantity of pages (e.g.: office photocopies, faxes), the number of hours spent (e.g. assessments), or the total cost of the disbursements (e.g.:

hospital records).

- To make sure your account is properly calculated and processed, you must complete **every** field that shows for each disbursement. Ensure you properly fill in the fields to avoid delay. Should you have any questions or concerns in rendering an account please contact the Lawyer Service Centre **prior** to billing an online account at 1-866-979-9934 (toll-free).

9.1 Special disbursements

- Once you have been approved for a disbursement requiring prior approval the disbursement(s) will be listed in the Special Disbursements section of the online account. You must complete **every** field in order to properly bill the special disbursement.
- Please note that special disbursements authorizations will not appear on a 'saved as draft' account if the special authorization was granted after the online account was saved as draft.

9.2 Regular Disbursements

- Disbursements that do not need special authorization and can be billed in accordance with the restrictions and guidelines set out in the Tariff and Billing Handbook. The number of regular disbursement items available will vary and depends on the nature of the proceedings/services authorized on the certificate.

9.3 Supporting Documentation/Disbursements

- Even though an invoice may not be required to be submitted with your account, you are required to hold the invoice in your file, and make it available if requested by Legal Aid Ontario. If you are not able to provide a proper invoice or other supporting documentation when requested, you may be required to reimburse LAO.
- If the amounts billed for disbursements are excessive or not in accordance with reasonable commercial rates or the limits/restrictions as listed in the Disbursements Handbook, Lawyer Services and Payments may request copies of invoices and an explanation before payment is made.
- **TO AVOID DELAYS** in payments of your accounts, please ensure you scan and attach your detailed invoices to your online account.

10. How to complete the disbursement forms

- Lawyer Services and Payments has created electronic forms to simplify the process of requesting prior authorization. You can electronically submit the completed forms through [Legal Aid Online](#) using the electronic document submission process.
- The forms cover four areas:
 - Paternity Testing
 - Transcripts
 - Translations
 - Experts - Other service provider
- When submitting your request ensure you fill in **all sections** of the form to avoid delay.
- Disbursement Authorization Request forms can be found on Legal Aid Ontario's website at [Forms library – Legal Aid Ontario](#)

11. Important Information

 - The effective date of the certificate is the starting date for coverage under the certificate for lawyer's fees and disbursements.
- **Obtaining authorization**
 - Obtain authorization for disbursements from Lawyer Services & Payments for all non-case managed certificates.
 - Requests are submitted electronically through *Legal Aid Online* using the electronic document submission process.
- **Disbursements prior to effective date**
 - If disbursements have been incurred more than thirty days prior to the effective date, you must contact your local district office to request a change to the effective date of the certificate.

- If the disbursement requires prior authorization, you must obtain authorization for the disbursement from Lawyer Services & Payments.

NOTE

If you or another lawyer acted for the client on a private retainer prior to the effective date of the certificate, disbursements incurred during the course of the private retainer arrangement are **not covered** under the certificate.

- **Cancellation of Certificate**

- If you receive notification that the certificate has been cancelled, do not undertake any disbursement expenses. Ensure you stop the work of any experts who may be working on the case.

12. Tips for fast payment

 - Breakdown of fees
 - Dates, times, and details of service
- Disbursement accounts can be submitted at any time after the total cost of disbursements is \$50.00 or more. A disbursement account for less than \$50.00 is accepted only if it is submitted in order to comply with the billing deadlines.

When requesting authorization, provide details of the inadequacies/deficiencies of previous valuation reports and show that the estimated value of the assets appears to justify the requested expenditure.
- If property is divided or awarded to the legally-aided client during the litigation, this will likely result in a change in their financial circumstances. Counsel must advise the district office of the change in circumstances and the client should immediately attend for financial reassessment.

Court filing fees

a. Family/Civil Court Proceedings

NOTE

LAO's Better Billing Bulletin – June 7, 2017

The client, who is legally-aided, is eligible for a waiver of court fees. Counsel can apply for this waiver immediately on family, civil and small claims court matters where it is anticipated court fees will be incurred. It is recommended that clients be asked to sign the fee waivers early on as the waiver can not be applied retroactively. In the coming months, LAO will begin to require counsel to complete a fee waiver on all family and civil matters as eligible fees paid to the court will no longer be covered as a disbursement as of September 1, 2017.

- LAO ceased covering the cost of court fees as of September 1, 2017. Please refer to the [Ministry of the Attorney General's website](#) for more detail regarding how to obtain

a waiver of court fees.

- Filing fees for family appeals are allowed.
- LAO pays the Federal Court filing fees to file notice of Application for Leave and for judicial review for an “opinion only” judicial review certificate.

b. Motions to be removed as counsel of record

- LAO will pay, without prior authorization, reasonable disbursements relating to a motion to be removed as counsel of record where the certificate authorizes proceedings.
- Motions for removal should be brought as soon as possible.

c. Filing fees for criminal trial records or appeals

- LAO pays filing fees for trial records and appeals without prior approval where the certificate includes trial/appeal authorization.

d. Writs of seizure and sale

- LAO will pay reasonable disbursements for the purpose of filing a writ of seizure and sale to secure a judgment made in favour of the legally-aided client, as long as the writ is filed within a reasonable time after judgment is obtained.
- LAO will pay court filing fees for any portion not covered by the waiver.

Courier fees

Courier fees are included as inherent disbursements on both civil and criminal certificates. See *appendix C for coverage limits*.

- For refugee proceedings, courier fees are limited to a maximum of \$25 to file BOC forms and disclosure.
- Further, LAO does not cover disbursements for process servers to file BOC forms and disclosure. Please see the following Practice Direction for more information: <https://www.legalaid.on.ca/lawyers-legal-professionals/for-refugee-and-immigration-lawyers/practice-directions/>

Experts

a. General information

- Experts are usually hired to provide a written report and/or to testify, not for observation purposes.
- Experts are paid at hourly rates in accordance with their academic credentials and qualifications.
- Factors taken into consideration when authorization for experts is requested, include: cost-effectiveness, specific conditions and services unique to the region, special needs of the legally-aided client, available resources in the district, and the credentials and experience of the expert in question. The reasonable client of modest means test is always considered.
- When requesting disbursement authorization for an expert's services, wherever possible counsel should provide a written estimate from the expert directly.
- Requests for authorization should include details of the case, services to be provided, and how the assessment and report will aid the client's case.
- Invoices from the expert should be attached to accounts. Invoices should be itemized, billed hourly, and include dates of all services, brief descriptions of the services provided, and the amount of time spent on each service on each date.
- "Block billing" by your expert delays the processing of his/her account. Make sure the expert knows LAO's requirements in order to reduce delay in processing the account.
- Reasonable out of pocket expenses, such as postage, faxes, photocopies, and long distance charges) are paid in accordance with the provisions of this Handbook if billed by your expert. These should be billed online in the appropriate designation of the drop down menu for regular disbursements (if not specifically authorized as a special disbursement).
- Secretarial services, typing or word processing costs, and the costs of missed appointments or cancellations are considered overhead expenses and are not reimbursed by LAO if billed by your expert.
- LAO does not pay interest charges on expert accounts.
- Clients are personally responsible for the cost of missed or cancelled appointments.
- Authorization for expert travel must be specifically obtained in advance.
- It is expected that local experts will be retained. If this is not possible, counsel must provide the reasons why an expert in another jurisdiction is required. Counsel must advise in the first instance if a requested expert is located in another jurisdiction, and

if it is likely that travel time and expenses will be requested by the expert.

- Expert's travel time, if authorized, is paid at the rate of **\$43.00 per hour**, and mileage is paid at the rate of **\$0.40/km** (\$0.41/km in Northern Ontario).

b. Expert assessments and written reports

i. Criminal matters

- In indictable criminal matters, prior approval is not required for up to **six (6) hours** to conduct an assessment and report to aid in a legally-aided client's defence or sentencing. Counsel must seek prior authorization for additional hours and must seek prior authorization for assessments in summary conviction matters.
- Prior approval is not required to retain a pathologist for up to **six (6) hours** where the legally-aided client is defending against murder or manslaughter charges.
- Prior approval is not required to retain a pharmacologist/ toxicologist for up to **six (6) hours** to defend Indictable Type I or II in which the defence is drug or alcohol ingestion.
- Prior approval is not required up to a maximum of **four (4) hours** for a document examiner where the legally-aided client is defending against fraud or forgery charges.
- Requests for authorization should include details of the case, the theory of defence, services to be provided and how the assessment and report will aid the defence.
- Counsel must provide details of why the particular expert is necessary and an estimate as to number of hours required (if more than pre-authorized amount), as well as a copy of the expert's *curriculum vitae* and brief summary of expert experience.
- Hours authorized are intended to cover all services provided by the expert, including meeting the legally-aided client, reviewing documents and disclosure, discussions with counsel, and preparation of a written report.
- Prior approval is required in all other cases, or if the number of hours for the assessment or hourly rate proposed to be charged will exceed these limits.

ii. Assessments for youth criminal proceedings

- LAO rarely authorizes assessments for youth clients because of the availability of assessments under s. 34 of the *Youth Criminal Justice Act*, which provides that such assessments be funded by the Ministry of the Attorney-General.

- Counsel for a legally-aided youth client must make an application under s. 34 where applicable. Please note, these applications are generally made after a plea has been entered.
- In circumstances where s. 34 applies, LAO may authorize an assessment if the assessment is required to assist with the defence to the charges, and there are issues of confidentiality relating to disclosure as required by s. 13 of *Canadian Charter of Rights and Freedoms*.
- In circumstances where s. 34 does not apply, or where an application under s. 34 was unsuccessful, LAO may authorize an assessment. Details as to why the application was denied must be provided when requesting authorization.
- Where authorized, assessments are paid at an hourly rate based on the credentials of the assessor.

iii. Family law matters

- LAO grants up to **18 hours** for an assessment without prior authorization.
- Assessments are paid at an hourly rate based on the credentials of the assessor. The name and specific credentials of the chosen assessor is required for specific disbursement authorization, which, if authorized, will be added to the legally-aided client's certificate.
- Hours are normally apportioned between the parties where both are legally-aided. Normally, LAO will pay up to **nine (9) hours** per party if both parties are legally-aided.
- Do not consent to an order for an assessment which will require LAO to pay for an assessment without prior authorization from LAO.
- The legally-aided client is personally responsible for the cost of missed or cancelled appointments.

Where additional hours are required:

- Hours authorized are intended to cover all services provided by the expert, including meeting the legally-aided client and/or children, reviewing documents and disclosure, discussions with counsel and preparation of a written report.
- Each party's counsel must make individual requests for authorization.
- Counsel must make written request in advance should more hours be required for assessment purposes.
- The name and specific credentials of the chosen assessor is required for specific disbursement authorization, which, if authorized, will be added to the

legally-aided client's certificate.

- No travel time or disbursements will be paid with respect to the assessment unless specifically authorized.
- In cases where an assessment has been completed within the last year, generally only an update will be authorized, unless there are exceptional circumstances.
- Assessments relating solely to the issue of access are generally only authorized in cases where child abuse is alleged.
- Counsel must provide the following details: the history of the litigation including the issues being litigated, the names of all parties and whether they are legally-aided, the number of children and their ages, the current status quo with respect to the parenting time of each parent, and whether there is involvement of the OCL or CAS. Please also explain the purpose of the assessment, the proposed number of hours to complete the assessment and an explanation of why it is expected to take longer than 18 hours to complete, the name and credentials of the assessor, and whether the assessment has been ordered by the court.

iv. Assessments in child protection proceedings

- LAO does not generally grant authorization for full parenting capacity assessments in child protection proceedings because such assessments are to be funded by the Society under s. 54 of the *Child and Family Services Act*, without contribution from legally-aided clients.
- Counsel should always seek a s. 54 order for assessment prior to requesting disbursement authorization for an assessment or a critique.

Further, the Court of Appeal Practice Direction, effective March 26, 2021, requires that parties must file documents electronically. Paper copies of documents are not required. The requirements of the Rules of Civil Procedure, the Criminal Appeal Rules, the Family Law Rules, and all existing practice directions and guidelines requiring the filing of paper copies of documents in the Court of Appeal are dispensed with unless otherwise ordered by the court (<https://www.ontariocourts.ca/coa/how-to-proceed-court/covid-19/>).

NOTE

Divisional Court Notice to Profession

Effective November 8, 2021, a Notice to the Profession was released to amend the requirement to file in paper any materials initially filed by email. Further, the Notice stipulated that all documents required for a hearing must be available to the court electronically. **The requirement of electronic documents applies to all matters, including cases where parties filed paper documents prior to the suspension of regular court operations** (<https://www.ontariocourts.ca/scj/notices-and-orders-covid-19/div-ct-feb2021/>)

- LAO requires that counsel for multiple co-accused who are legally-aided coordinate the cost of transcripts. In cases with multiple co-accused, LAO will pay for one original transcript only, in at the rate of \$6.30 per page in electronic format.
- In accordance with MAG guidelines, ordering parties may share electronic transcripts with multiple parties at no additional cost, as long as one certified electronic copy has been ordered. See: <https://courttranscriptontario.ca/en/resources/>
- Counsel for the legally-aided client must ensure that only one appeal transcript is paid.
- Lawyer Services and Payments will make advanced payment for transcripts in some cases, upon receipt of a written estimate from the transcriptionist detailing the number of pages, court dates, and cost per page.
 - Transcriptionists must provide a realistic estimate of the cost of the transcription and invoice only **two-thirds** of the entire cost at first instance.
 - Once the estimate is provided to LAO, the appropriate authorization will be added to the legally-aided client's certificate, at which time counsel should render an online account with the estimate attached.
 - Once the account has been paid, counsel may remit a deposit to the transcriptionist. The amount of deposit is subject to the arrangement negotiated between counsel and the transcriptionist.
 - Counsel may make further payments when requested and prior to the receipt of the transcript.
 - Advise Lawyer Services and Payments in writing should additional transcripts be required or should the two-thirds estimate be insufficient or alternatively, higher than the actual amount required.
 - If an overpayment has been made, remit the difference to LAO.
 - A copy of the transcriptionist's final invoice providing the reconciliation for

interim funds/deposits received and actual number of pages of transcript prepared should be forwarded to LAO in order that the remaining transcripts may be added to the certificate.

- Submit an online account attaching the transcriptionist's actual invoices should any additional payment be required.

NOTE

For appeals related to sentencing only, full transcripts will not be authorized.

k. Transcripts for inmate appeals that convert into solicitor appeals

- When inmate appeals convert into solicitor appeals, counsel must determine what, if any, transcripts have already been ordered by the Crown/Court before requesting transcripts.
- LAO will not authorize or pay for transcripts that have previously been ordered or transcribed for an inmate appeal when the matter converts to a solicitor appeal.
- Section 36(9) of the Ontario Court of Appeal Rules provides that where an appeal is commenced as an inmate appeal and the appellant subsequently becomes represented by a lawyer with respect to all or part of the appeal, within 15 days after being retained or appointed the lawyer shall:
 - a. Determine what, if any, transcripts have already been ordered; and
 - b. If applicable, serve and file a certificate of transcript order in Form 14 for any transcripts required by rule 38 but not yet ordered.
- Section 36(10) of the Ontario Court of Appeal Rules provides that where the lawyer cannot through the exercise of reasonable diligence serve and file the certificate of transcript order in Form 14 as required by paragraph 36(9)(b), or if approval from LAO for transcript disbursement is pending, sub-rules 36(3)-(5) and (7)-(8) apply.

l. Civil proceedings, questioning/examination transcripts

- LAO pays out of court examination fees if in accordance with the rates set out with the rates set out in s. 5(1) of the Schedule of Fees, *Administration of Justice Act*, as follows:

For the transcript of an examination, per page, regardless of the party ordering,

- i. for one copy of the first transcript ordered - \$4.00
- ii. for one copy of each transcript ordered after the reporter has satisfied the order for a transcript described in subparagraph i - \$3.40

- iii. for each additional copy ordered before the reporter has satisfied the order for a transcript described in subparagraph i or ii - \$0.80.

*note regional/district differences re reporters' rates.

- Prior approval is required to order the first or original copy of transcripts of the legally-aided client's evidence or their client's witnesses.
- In civil litigation cases, make sure that the certificate includes authorization for examinations for discovery before rendering an account.
- Prior approval is required for transcripts of cross-examinations on affidavits.

m. Other transcript requirements

- Prior authorization is required to obtain all other transcripts, including matters where a legally-aided client's criminal proceeding transcripts are required for the purposes of their family law or child protection proceedings.

n. Transcripts of IRB hearings

- Prior authorization for transcripts of IRB hearings is required.
- Transcripts are not authorized at the opinion stage for the purpose of determining the merits of an appeal or judicial review.
- Authorization may be granted where LAO has authorized representation in a Federal Court matter or a Refugee Appeal Division (RAD) appeal, and:
 - where there are significant passages of testimony to be relied upon,
 - where it is necessary to demonstrate that certain testimony was not provided,
 - where a Member's conduct throughout a hearing is at issue, or
 - in any other circumstances where a complete transcript is required to advance the client's case.
- Note that transcript coverage requests for RAD appeals are made at the same time as the RAD merit assessment is submitted because of the short appeal deadlines.
- The digital audio recording of refugee hearings is available to RAD members deciding appeals, and IRB hearing audio recordings are included in the Certified Tribunal Records sent to the Federal Court in judicial review proceedings.
- Therefore, where legal arguments rely on short passages of testimony only, lawyers are expected to prepare and cite short informal transcripts with time markers. In Federal Court matters at the leave application stage, these short informal transcripts

with time markers should be attached as exhibits to law clerk affidavits and cited in leave memoranda.

Translation of documents

a. Generally

- Translations are generally paid on a per-word basis.
- Counsel should not have documents translated unless they contain unique information. Please contact LSP if you require further clarification.

- Prior authorization must be obtained for translation of more than one marriage/divorce certificate.
- Verbatim translation is expensive and, where possible, should not be used.
- Counsel should always ensure that no English language alternative source is available before having translations completed. Counsel should also ensure that information can be sufficiently verified to be accepted by the court or tribunal.
- Accounts in which translations are billed as disbursements should be submitted with a copy of the translator's invoice providing a list of the translated documents and the number of words translated. This is the case even where translations are within the pre-authorized limits.
- If a lump-sum amount is being requested for translations, a quote from the translator should be included.

- Documents from a government agency or other official body are considered identity documents.
- If the legally-aided client has a genuine passport in English, it is expected that

minimal identity documents will be required for translation.

- Prior authorization must be obtained before additional translation of documents is completed. When requesting additional translation authorization, counsel must provide details regarding all documents which will be translated, both those below and above the 3500 word limit. A brief explanation of each document, including its necessity, its utility in advancing the client's case, and the number of words, must be included.
- Personal correspondence is considered supporting documentation.
- Prior authorization is always required for translation of news articles and documents downloaded from the internet. Counsel should provide details of the information contained in the article (date, location, names, and relationships to the claimants) and explain how the articles support the claim.
- Regarding BOC narratives, verbatim translation is discouraged. Interpreters should be retained to read back the narrative to the client in the client's language and billed at hourly interpreter rates.
- LAO will not pay to have an English-language BOC narrative translated into the legally-aided client's first language.

NOTE

Please keep in mind the client of modest means test when requesting authorization for translation of documents. Only highly relevant documents and documents that are necessary to advance the client's case should be selected for translation.

Translation of court documents from English to French is not paid for by LAO.
- Prior authorization must be obtained for translation of documents for the purposes of any other proceedings.
- Authorization requests should include the number of documents, an explanation of the relevance and necessity of each document, and details as to the nature and contents of the documents.

- The actual amount paid, net of HST, for travel disbursements such as hotel, train/ airfare and meals, should be entered when submitting an online account.
- Reasonable gratuities (approx. 15%) for meals, bellhop, hotel room services and taxis will be reimbursed, provided that maximum amounts are not exceeded.
- Meal receipts should not include alcoholic beverages even if not being billed to LAO.

IMPORTANT

Do NOT include HST in travel disbursements

Please refer to the Tariff and Billing Handbook for additional information related to travel.
